

Five Little Pumpkins

Copy the selection below.

We are five very little pumpkins.
 We are very happy little pumpkins. Would you like to know why? Listen and we will tell you. Our home is in a large

sunny field but you could not find us. We lie hidden underneath the leaves. The day before the Harvest Festival Mr. Wells and his two boys came to gather pumpkins for their party. And we were not big enough even to be seen. We hope we shall not be found and taken for Thanksgiving dinner. We would rather be here in the warm sunshine than made into pumpkin pies.

A Pumpkin Story

Copy the selection below.

I am a great big yellow pumpkin. My home is in a sunny field. Many other pumpkins live there with me. They are not as large as I. I shall not stay in the field much longer. The children have planned to use me for their Harvest party. I am going to be Mr. Jack O'Lantern. My small pumpkin friends are all very sad because they cannot go to the merry party. I am glad that I am big enough.
